KOREAN WAR:

Japan occupied Korea during WWII (1939-1945).

The Allies fought to get Japan out of Korea in August 1945.

On August 10, 1945, the U.S. made the decision to occupy the southern half of Korea.

KOREAN WAR:

U.S. did so out of fear that the U.S.S.R. (which had joined the fight against Japan in northern Korea a week earlier) would take the entire peninsula.

Remember – even though the Americans and Soviets are wartime allies, neither side likes (or trusts) the other side.

**Dr. Hartnell's
135 LIVE!**

KOREAN WAR:

The **U.S.** chose the **38th** parallel as its divisional line **because** the **capital** of **Seoul** was **beneath it** and, essentially, on “their half” of Korea.

KOREAN WAR:

Dr. Hartnell's

KOREAN WAR:

Both the U.S.S.R. and the U.S. proceeded, with help from the Koreans, to build regimes in their halves of Korea that supported their interests.

For President in South Korea, U.S. backed Syngman Rhee, a 70-year-old anti-communist expatriate who lived for 35 years in the U.S.

KOREAN WAR:

In North Korea, the U.S.S.R. supported Kim Il Sung, age 33, who also received significant support from North Koreans and from China. Kim was a Korean guerrilla soldier who had fought *with* Chinese Communist forces against the Japanese in Manchuria in the 1930s.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

The division of the peninsula was formalized in **1948** when the **Republic of Korea (ROK)**, backed by the **U.S.** and the **United Nations**, emerged in the **South** under Rhee, and the **Democratic People's Republic of Korea (DPRK)** emerged in the **North** under Kim, backed by the **U.S.S.R.** and **China**.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Border skirmishes soon broke out along the 38th. The U.S.S.R. informed North Korea it would not support an invasion of the South; the U.S. informed South Korea it would not support an invasion of the North.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Kim launched a surprise **invasion** of the South **on June 25, 1950**, when he peeled several divisions off in the midst of summer war games; many high officers were unaware of the war plan. **Seoul fell in three days**, and the **Korean War (1950-1953)** had **started.**

China: Mao Zedong

Dr. Hartnell's

KOREAN WAR:

After the North invaded the South, **President Truman** decided it was time for the U.S. to enter, despite objections from many U.S. military commanders who felt Korea was the wrong place to *“make a stand against communism”*.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Why was the U.S. concerned?

The **U.S.** had meddled in China prior to the Korean War.

Since 1927, China had been fighting a civil war between the **Communists** (led by Mao Zedong) and the **Nationalists** (led by Chiang Kai-shek).

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

During the war, the **U.S. sent the Nationalists \$3 billion in aid (\$35 billion today).**

The **aid wasn't enough**, and the **Nationalists lost in 1949.**

The **U.S. was stunned that China had become communist.** In their eyes, **containment had failed.**

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

This time, **Truman** knew the U.S. HAD to succeed... and Korea would be his chosen battleground.

To make his decision to get involved in Korea appear sanctioned by the world, Truman **went to** the newly formed **United Nations**.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Truman used semantics to defend his decision not to ask for a formal declaration of war from Congress.

If the word “war” was not used, then a President could send troops *anywhere* in the world for *any* purpose... like war on the Korean Peninsula.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Korea would be a “police action”, the first of many such “undeclared” wars.

U.S. ground troops were led by the WWII hero General Douglas MacArthur.

With the best army in the world, all signs pointed to an “easy” win. Right?

**Dr. Hartnell's
135 LIVE!**

KOREAN WAR:

The **Korean War** would go very **badly... very quickly** and almost right from the start.

By the **summer of 1950**, the **North Koreans** pushed southward, inflicting one humiliating **defeat after another** on **U.S. forces**.

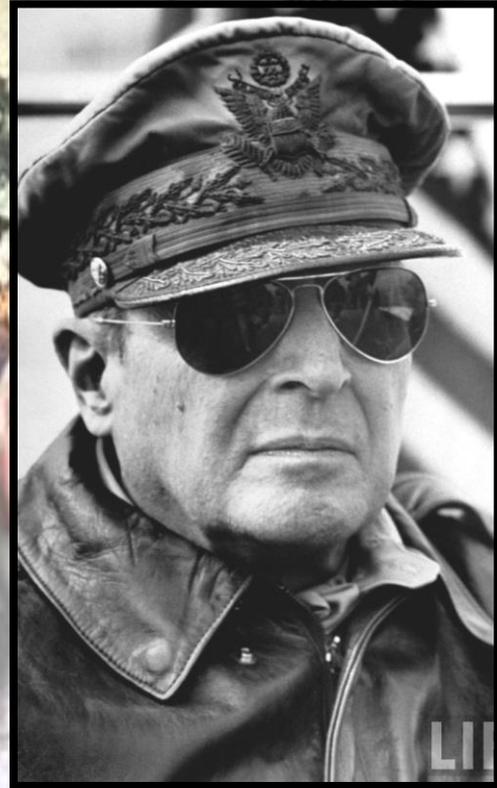

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

This was the same U.S. Army that had just defeated Germany and Japan 4 years earlier... and it now found itself beaten by what many in Washington, D.C. jokingly called a “peasant army”.

**Dr. Hartnell's
135 LIVE!**

KOREAN WAR:

By the end of July 1950, North Korean forces occupied roughly 90% of South Korea.

The **U.S.** and South Korea **held only the Pusan Perimeter** (now called Busan).

The **U.S.-led forces could have reestablished the 38th parallel, ended the war, and declared that containing communism had been achieved...**

...but instead, the UN instructed MacArthur to cross the 38th parallel and reunite the Koreas.

**Dr. Hartnell's
135 LIVE!**

KOREAN WAR:

MacArthur followed orders and sent troops into North Korea.

Truman now had an opportunity. He could not just contain communism... but defeat it.

MacArthur was told to use *only* Koreans near China's border so as not to alarm China.

KOREAN WAR:

This “revised” strategy to now eradicate communism in Korea prompted China to enter the conflict.

China waited until the UN was well inside North Korea in order to stretch the UN’s supply lines.

KOREAN WAR:

China and North Korean troops (over 200,000) overwhelmed U.S. and South Korean troops (had fewer than 20,000) in November 1950.

The U.S. 1st Marine Division found itself pinned down at the Chosin Reservoir... and needed to get out NOW.

**Dr. Hartnell's
135 LIVE!**

KOREAN WAR:

A **battle** in freezing weather (temps at **100 degrees below zero**) made it more **difficult**.

In their withdrawal, however, the **Marines** were able to **destroy** or effectively **disable** all **7** attacking Chinese divisions that tried to block their **escape**.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Despite the heroism of the Marines, it was decided to withdraw from North Korea.

The Chinese took 52,098 casualties (30,732 suffered from frostbite).

UN forces took 17,843 casualties (7,338 cold-related injuries).

KOREAN WAR:

The **Marines** consider the **Chosin** to be one of their proudest moments. Those who fought in this battle were dubbed "**Chosin Few**".

But, on New Year's Eve, **China** and North Korea *again* captured Seoul. It is considered the **worst American defeat** since Bull Run.

KOREAN WAR:

Inevitably, the **use of nuclear weapons** was considered.

President **Truman** said dropping an atomic bomb on North Korea was under **“active consideration”**.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

B-29 bombers, capable of carrying atomic bombs, were sent to **Guam**, though the bombs lacked the necessary **plutonium cores**.

General MacArthur didn't mince words when it came to his belief on the use of nuclear weapons during the war.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

MacArthur wanted to drop “between 30 to 50 atomic bombs ... strung across the neck of Manchuria” that would have “spread behind us ... a belt of radioactive cobalt.”

Truman disagreed.

**Dr. Hartnell's
135 LIVE!**

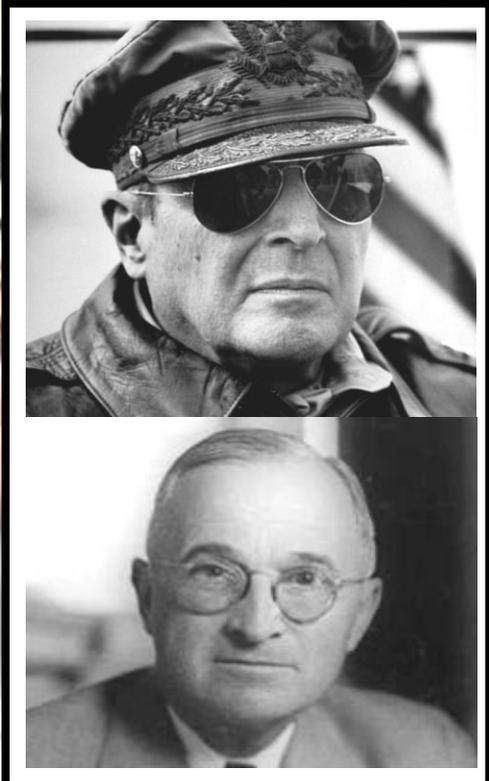

KOREAN WAR:

Quickly, **two sides emerged** in the U.S.:

Truman vs. MacArthur.

Weighing the nuclear option, **Truman didn't want to see the U.S. go down that path.** **MacArthur, on the other hand, suggested the U.S. nuke China.**

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Truman told MacArthur that he was to fight a “limited war”.

Keep in mind that **Truman had approved the use of atomic bombs to help end WWII in 1945.** While he always felt he made the right decision, **Truman regretted the loss of life in Hiroshima and Nagasaki.**

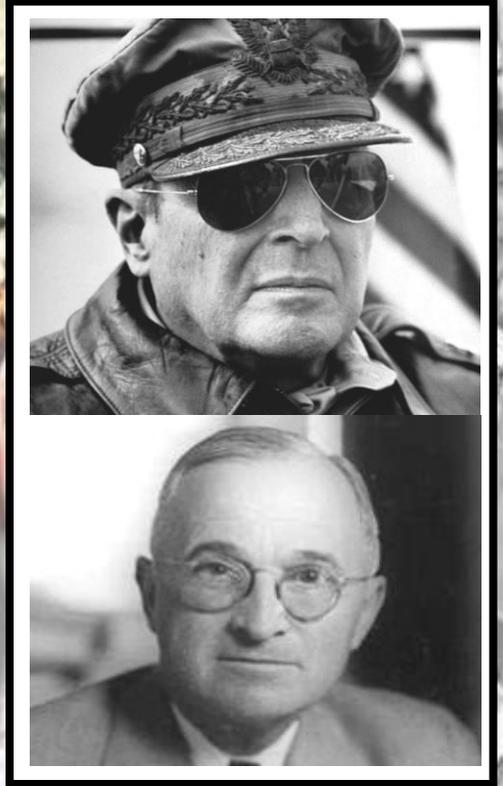

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

There were also concerns that if the U.S. used nuclear weapons on China, then the U.S.S.R. (an ally of China) might enter the war. The Soviets developed their own atomic bombs in 1949. This could result in a nuclear war between the superpowers.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Truman did not want to be responsible for triggering a nuclear war.

MacArthur went over Truman's head and wrote to newspapers and Republicans for support. (Truman was a Democrat.)

In response, on April 11, 1951, Truman fired MacArthur.

TRUMAN FIRES M'ARTHUR

IT HAD TO HAPPEN

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Many Americans were **outraged**. (Almost 70% backed MacArthur). **Truman**, acting as Commander-in-Chief of the U.S. Armed Forces, **had the power (and right) to fire him.**

Truman's approval rating (which had hit 87% in June 1945) bottomed out at 22% in November 1951.

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

In recognition of his service, Congress invited MacArthur to speak before a joint session on **April 19, 1851**. He ended with:

“Old soldiers never die – they just fade away. ... I now close my military career and just fade away – an old soldier who tried to do his duty as God gave him the light to see that duty.”

Dr. Hartnell's
135 LIVE!

KOREAN WAR:

Approval ratings and speeches aside, one key issue remained: the war still wasn't won.

For the next 2 years, bloody fighting along the 38th parallel (much of it as trench warfare reminiscent of WWI) would devastate the Korean Peninsula, the Korean people, and the armies involved.
