

1. **Where's Wally?!** That's right, our good friend Wally has gone missing and is hiding in a country somewhere around the globe! It is now up to you to research different countries to see if we can figure out where he is!
2. Using Google Slides, create a presentation about **6 WORLD COUNTRIES**. You will NOT need to present this to the class. You will complete **11** slides for each of the countries. This is NOT a group project.
3. You need to select **ONE** country from North America, **ONE** country from Central America, **ONE** country from South America, **ONE** country from Europe, **ONE** country from Africa, and **ONE** country from Asia.

(NOTE: You may NOT select the United States. Dr. Hartnell is using that country as an example to help you with this project.)

4. You need to do the following for EACH country you select:
